

IP67 Shell for RJ45 cords

IP67 shell for cord

3M launches a complete IP67 solution for your RJ45 connexions. Easy to use, this enables you to reach an IP67 protection very easily. 3M enlarges its Keystone Category 5e and 6 portfolio with watertight and dust protection receptacles. An optional cap enables to protect the connectivity receptacle when not in use.

A shell is also proposed: it can fit any RJ45 cord, whether watertight or standard. Without any tool, you can therefore improve your cord in order to fit any IP67 receptacle of the I67K5E and I67K6 series.

Characteristics

- IP67 Solution
- Shock, vibration and traction resistant
- No tool necessary for the assembly of the shell onto the cord
- Can fit any RJ45 cord

Advantages

- Sealed against fluids and dust
- Can be used in harsh environment
- Easy to use, time saving
- Possibility to adapt the IP67 solution onto existing systems

Specifications

Shell compatible with:

- I67K5E receptacle
- I67K6 receptacle

Characteristics of the shell:

- Reverse bayonet closing mechanism
- Watertightness: IP67 meet IEC 60 512-5 test 9a
- Fire retardant – Low Smoke: UL 94 V0 and meets NF F16-102 and DIN 5510-2
- Vibrations: Meet industrial connexion standards:
IEC PAS 60076-3 114 (or 11)
IEC PAS 60076-3 115 (or 12)
IEC PAS 60076-3 116 (or 13)
- RJ45 cord retention in the plug: 70 N in the axis
