

3M™ Volition™ RJ45 Blank Patch Panel, Keystone

Part of the 3M Keystone product range, the 3M Volition Classic Patch Panels are modular and provide a precise yet stylish presentation of the Keystone jacks. The patch panel is available in 24-port (1U) and 48-ports (2U) versions.

Both 24-port (1U) and 48-port (2U) version are included cable manager in the rear side for cable retention and proper guiding of cables to point of termination. It automatically provides earth connection to jack upon insertion into patch panel. The panel is in Black Colour only.

Features

- Compatible with jacks having Keystone mounting
- Dust protection when loaded with K5e & K6 jacks
- Compact modular patch panel
- Cable Management tray

Benefits

- Easy installation with the K5e & K6 jacks
- Category 6/5e link performance
- Easy port management
- Easy writing and correction
