

## PROPATCH Copper DATA/CCTV Cables

**PROPATCH** Copper cables will deliver the best performance when used with RJ 45 Keystone jacks to give highest margins over Category6/Cat6A, Cat7 TIA/EIA 568 and ISO 11801 and EN 50173 Class E, EA, & F standards. The cable sheath has length marking which is easy and convenient for the installer and gives a clear identification of cable and link lengths.

## **PROPATCH Multicore Security Cables**

PROPATCH offers wide range of Security cable, that Included Unshielded & Shielded in Multicores. PROPATCH Cables are made with 100% pure copper and manufactured by reputable factory to deliver best performance.

The PROPATCH security cables are supplied in Untinned and Tinned version.

PROPATCH Security Cables comes on 100M Rolls and 300M Box.

**100M Roll**

**300M B**
