

WHEN

Wednesday, 1 Oct,
10:00 am – 12:00 pm

WHERE

The Training Room,
Western Community
Centre
46 Hyde Avenue,
Nawton, Hamilton

PRESENTATIONS

Designing Low-Waste Events

***Khin Myat Mon - Waste Minimisation Coordinator
Hamilton City Council***

The presentation will cover what waste minimisation is, why it is an important part of an event, and practical, simple tips and ideas for designing low-waste community events. We will also introduce our new Event Waste Management and Minimisation Guideline 2025.

National Bowel Screening Programme - Time to screen

***Honey Clarke and Jane Marsden
- Specialty Clinical Nurse and Health Promoter
Te Whatu Ora***

The presentation will provide an overview of the National Bowel Screening Programme, including what bowel cancer is, how it develops, its symptoms, the screening process, eligibility, and the new age extension. We will cover the importance of completing the FIT kit, how to use it, and relevant screening statistics. Attendees will gain insights into why bowel screening is vital for early detection and positive treatment outcomes. We will also explore how community providers can encourage participation and highlight initiatives to support engagement.
